GRANT S. DUNLOP, Q.C.

Barrister & Solicitor

A Commissioner for Oaths
in and for Alberta

Dear Sir/Madam:

Re: ALARIE Asset Distribution

I act for the Alberta Local Authorities Reciprocal Insurance Exchange ("ALARIE"). ALARIE was established in 1990 by the Alberta Urban Municipalities Association, Alberta Association of Municipal Districts and Counties and Alberta School Trustees' Association (which was later renamed Alberta School Boards Association). ALARIE issued liability insurance policies to school boards, municipalities and other local authorities between 1990 and 2002. _____ obtained liability insurance from ALARIE during at least some of that period. ALARIE has now settled the last of the claims insured by it and it is fortunate to have surplus assets of approximately \$13,500,000. It has sought professional advice from MNP LLP regarding a fair distribution of those assets among several hundred school boards, municipalities and other local authorities which at one time were insured by it. In that regard, please find enclosed the following:

1. An Originating Application filed August 5, 2016 in which _____ is a Respondent;
2. An Ex Parte Order granted August 15, 2016;
3. An invitation to attend one of three webinars to be conducted September 19, September 30 and October 12, 2016.

The Originating Application refers to an Affidavit of Alan Wood and an Expert's Report of Lisa Majeau Gordon, who is a Partner with the accounting and consulting firm of MNP LLP, specializing in investigative and forensic accounting. The Affidavit and Expert's Report can be reviewed and downloaded at the following website:

www.ogilvielaw.com/sections/ALARIE

ALARIE has scheduled an application before the Honourable J.D. Rooke, Associate Chief Justice of the Court of Queen's Bench of Alberta at the Law Courts in Edmonton on Monday, December 19, 2016 at 9:00 a.m. at which time ALARIE will seek Court approval of its expenditures and its proposed distribution of its remaining assets. The

percentage of its assets which ALARIE proposes to distribute to _____ is _____% which, assuming ALARIE's remaining assets total \$13,500,000, would result in a payment to _____ of \$_____. The proposed distribution is based on the individual contributions and claims by each organization insured by ALARIE, including _____. The distribution calculations are explained in detail in the Expert's Report.

Mr. Alan Wood and Ms. Lisa Majeau Gordon are prepared to respond to any questions you may have about the proposed distribution during one of the webinars on September 19, September 30 and October 12, 2016. The details of those webinars are set out in the enclosed invitation. If you have any questions, I encourage you to attend a webinar and ask your questions there. What is ALARIE?

ALARIE stands for the Alberta Local Authorities Reciprocal Insurance Exchange. In 1990 the Alberta Urban Municipalities Association, Alberta Association of Municipal Districts and Counties and Alberta School Trustees' Association (which was later renamed Alberta School Boards Association) established ALARIE to provide liability insurance to school boards, municipalities and other local authorities in Alberta. The organizations insured by ALARIE are known as subscribers. ALARIE ceased selling insurance in 2002, but it had to wait until all outstanding insurance claims had been settled before its assets could be distributed to its subscribers. The last outstanding insurance claim was settled in 2015.

What is the purpose of the webinar?

The webinar will explain how the operations of ALARIE were concluded and how its residual assets, estimated to be \$13.5 million, will be distributed to its former subscribers.

Who should attend?

Senior administrators from school boards, municipalities and other local authorities.
